

Industrial PoE Splitter

Product Data Sheet

Industrial PoE Switch

The Fiberroad Industrial PoE Splitter is an ideal solution for powering traditional network devices in demanding environments. It efficiently converts standard 48-56V PoE input (IEEE 802.3at) into a 24V DC output, delivering up to 25 watts to high-power devices. By leveraging existing Ethernet cabling for both data (10/100/1000Mbps) and power, it eliminates the need for costly electrical installations, providing a flexible and reliable power solution for growing industrial applications.

Hardware Specifications

Product	FR-IPM2002T-P-30
Interface	Input Port: 1 x 10/100/1000BASE-T RJ45, PoE (Data + Power) In Output Port: 1 x 10/100/1000BASE-T RJ45 , Data out Output power terminal block: 1 removable 2-Pin terminal block
Network Cable	10BASE-T: UTP category 3, 4, 5 cable (maximum 100 m); 100BASE-TX: UTP category 5, 5e cable (maximum 100 m); 1000BASE-T: UTP category 5e cable or above (maximum 100 m)
Enclosure	IP40 aluminum case
Installation	DIN-Rail and Wall-mount
Dimension	95mm x 70mm x 30mm (L x W x H)

Power Supply and PoE

Power Input	802.3at PoE 48-56V DC
Power Output	24V DC, max 2A
PoE Standard	IEEE 802.3at PoE+

Environmental

Operating Temperature	-30°C to +70°C (-22 to 158 °F)
Storage Temperature	-40°C to +85°C (-40 to 185 °F)
Operating Humidity	5%~90% (non-condensing)
Cooling	Passive Cooling
MTBF	> 500,000 hours @MIL-HDBK-217F GF 25°C

LED Indicators

VO(Green)	ON: Output power is being supplied ,OFF: Output power is not being supplied
PoE(Green)	ON: PoE in Use, OFF: PoE not in Use

Product Specifications

Regulatory & Warranty	
Standard Compliance	IEEE 802.3 Ethernet IEEE 802.3u Fast Ethernet IEEE 802.3x Full-Duplex Flow Control IEEE 802.3az Energy Efficient Ethernet
ISO	Manufactured in ISO-9001facility
Safety	IEC62368-1:2020+A11:2020
EMI	FCC Part 15B Class A, IEC 61000-3-2
EMS	IEC61000-4-2 ESD: Contact:±8kV, Air:±15kV IEC61000-4-5 Surge: Power: ±6kV; RJ45:±4kV/±6kV(PoE)
Shock	IEC 60068-2-27
Free Fall	IEC 60068-2-32
Vibration	IEC 60068-2-6
Environmental	RoHS 2011/65/EU Annex II(EU)
Warranty	3 Years, Details See: https://fiberroad.com/warranty

Package Contents	
Device	1 x Industrial Ethernet Switch
Installation Kit	1 x DIN-Rail Clip 2 x Wall-Mount Kits
Documentation	1 x Quick installation guide 1 x Warranty card 1 x Product notice

Dimensions Unit: mm

Precautions

To avoid damage to the equipment and personal injury caused by improper use, please observe the following precautions:

- ❖ Keep the power off during installation, wear an anti-static wrist, and ensure that the anti-static wrist is in good contact with the skin to avoid potential safety hazards.
- ❖ The switch can work normally under the correct power supply. Please confirm that the power supply voltage matches the voltage indicated by the switch.
- ❖ Before powering on the switch, please make sure that the power circuit is not overloaded, so as not to affect the normal operation of the switch and even cause unnecessary damage.
- ❖ To avoid the risk of electric shock, do not open the case while the switch is working, even if it is not charged, do not open it yourself.
- ❖ Before cleaning the switch, pull out the power plug of the switch. Do not wipe with a wet cloth. Do not use liquid to clean it.
- ❖ The equipment installed in the rack is generally from bottom to top to avoid overload installation.
- ❖ Avoid placing other heavy objects on the surface of the switch to avoid accidents.
